What do we want to achieve?
People told us they would like:

• Trains/stations to be accessible
• More travel training for all, including those with SEN in mainstream schools who might be able to use a standard school bus (rather than a taxi)
• To be able to use bus passes before 9.30am
• Pre bookable accessible taxis
• School taxi drop offs/pick ups not to be too early or late
• Day service minibus/taxi drivers to have learning disability awareness training
• Day services to be allowed Blue Badges so they don’t miss out on opportunities
